

(INTER)NATIONAL FREELANCE DESIGNERS WANTED
TO SUPPORT OUR DESIGN TEAM PROFESSIONALLY

Dear design community,

as a company that is proud to have an in-house design department we are always open to new ways at once. New ways that allow creative professionals to join our product design team temporarily. New ways that lead to great cooperation, fair partnerships and emotional designs. New ways that bring positive impact to both, you and us.

This is why we – räder design stories – are looking for professional designers who want to work with us on a freelance basis. Ideally you are an international product designer with experience in the Adobe Creative Suite who is keen on working for a German design brand with many years of experience and tradition.

What are we looking for? Might you be the perfect fit?

Most importantly: you not only love your profession and passion, but also raeder design stories. You are familiar with our company, already have ideas for new products in mind and you can identify with our style and DNA. That means you love to work with our signature materials like wood and porcelain and aim to speak to customers through your products. Whether you use words and illustrations to tell stories or bring emotions across through plain designs: An emotional, timeless product has us convinced.

Are you the perfect fit? We would love to get to know you and your art better. If you are interested in working with us, please send your ideas, scribbles or complete designs (if you already think and create the räder way) to our General Manager, Mrs. Kathrin Völker. We kindly ask you to only send in digital documents via kathrin.voelker@raeder.de

We hope to hear from you soon.
Your räder team
